Situation of Affairs in the Hocking Valley.

A Threatening Circular—Will the South Bayonet (Christall)—Shoemakers of Philadelphia—Establishments that Are Closing.

NEWLEIGH, O., Dec. 3.—All is quiet in the Hocking Valley except a little excitement at Newleigh. About fifteen strikers remain at fifty cents at Salt Well Hollow Mine, and a few men are expected to follow tomorrow. This has irritated the strikers remaining out very much, but there are no indications of violence. The strikers of Newleigh have issued a circular in reply to the one issued by the citizens Saturday. It has caused a new excitement here among business people. The strikers in the circular state that they will give the citizens who attended the citizens' meeting two days to let their skirts. After that name will be published and a system of boycotting begun. The circular concludes:

"If you uphold traitors such as Arnold in the revolutionary war, Jeff Davis in the late war, and Andy Borden in the present strike, in the present strike, which was organized to rob the consumer as well as miner, then the cause of the people is lost. The people of the country are now being deceived by the reports that colored and Hungarian 'blacklegs' are loading a large amount of coal into cars, 140 men at Carbon Hill, in three days, have only loaded four flats. The thirteen strikers waiting trial at Logan for participating in the Murray City riots, have been released."

RAILROAD AID FOR THE MINERS. PITTSBURGH, Dec. 3.—Thomas A. Armstrong presided at a meeting of officers of the Trades Union held last night in the Amalgamated Association building, the object of which was to raise money to assist the Hocking Valley miners. A committee will wait upon the managers of various railroads in this city to endeavor to have each of them give a benefit entertainment, while another committee was appointed to solicit provisions, clothing, etc.

A telegram was sent to the Associated Press Manager at New York, asking him to remove the Associated Press Agent at Columbus, Ohio, believing he has been bribed by the Coal & Iron Company to send out highly colored reports of the meeting as called to meet on Thursday.

IN CINCINNATI TO BE BOYCOTTED! NARVILLE, Tenn., Dec. 3.—The Southern Steamship and Railway Association, representing the Nashville, Chattanooga & St. Louis Railway, the Louisville & Nashville Railroad, and all steamship lines from the Carolina and Georgia ports, met last night with the General Manager of the Cincinnati Southern Railway relative to freight rates between Cincinnati, Memphis and Southern points. The manager of the Cincinnati Southern declined the same rate should be made via that line as from Memphis to Southern point. Memphis heretofore having three cents advantage. Hence the pooling arrangement failed. In consequence of this President J. W. Thomas, of the Nashville & Chattanooga Railway, says to suspend one-fourth of the employees on the line, about 600 men. The strike took effect yesterday. It is reported here as a calamity and merchants talk of boycotting Cincinnati. The wages of the remaining employees will remain as usual.
